ARTIST CHERYL PEDDIE JOINS EVANESCENCE GALLERY FOR THE MONTHS OF JULY AND AUGUST

Queen Anne's Lace, Oil Painting by Cheryl Peddie

Cheryl Peddie has played a vital role at Evanescence Gallery over the past three years. In addition to showing her lovely paintings in the gallery, she has taught numerous classes and workshops in our studio. Visitors often see Cheryl with brush in hand and her easel set up in front on the sidewalk. I am very fortunate that Cheryl has agreed to have more of a presence in the gallery over the months of July and August as she will occupy one of the two available kiosks we have now set up. Please stop by to say hello and learn more about Cheryl's work or visit her website at www.cherylpeddie.ca

THE ACCIDENTAL ARTIST

This fall I will be giving a series of loosely-knit interpretive talks connecting anecdotal accounts of the life and times of various artists, both historical and contemporary, with the works they created. The cost is \$25 per person and refreshments will be provided. This is an adult program and 4 dates are planned between October and February. The idea for this program began with a brainstorming session among friends. It was suggested that I provide an evening program where visitors could come together to hear a short presentation concerning topics in art while enjoying a glass or two of wine and some nibbles. Hopefully a good discussion will ensue! It was decided that the initial talk should be somewhat of a retrospective of the work I have created as an artist - primarily because most people don't know much about my art practice - and now that most of it exists only in the form of documentation, we thought it might be a good way to put the past to rest as I embark upon new directions in my art career!
